

COPYING LISTINGS IN MATRIX

To copy a Listing in Matrix (when relisting or adding multiple properties in a subdivision for example):

- Go to Add/Edit
- Click on Add/new
- Select a **Property Type**
- Instead of 'Filling From Realist', select the second option which is 'Fill From Cross Property'

Enter the **MLS**# and click on '**Fill From**' or search for the property, select it and then 'Fill From'.

COPYING PHOTOS IN MATRIX

This will only display as an option when there are no photos currently on the listing. Once you add photos manually, you will not be able to copy prior listing photos.

You can access this from Add/Edit, just like you would when editing a listing. You will need to know the MLS# of the listing you wish to import images from.

1. After clicking on Add/Edit or Edit listing and entering the listing number, click on Manage Photos.

Other Options	
Manage Photos Manage Supplements Show Input Audit	
Property Panorama Enable Showing Time for this listing	
Cancel	

2. Click on 'Click here to import photos from another listing'

To upload, click Browse. To upload, click Browse. To up on the filenames. To Order	pload Multiple photos at once, hold the Ctrl (Option) key down when click
view its Details . For maximu Click here to import photos i	our photos once uploaded, drag by the grey title bar. Click on any image to n quality, upload photos at least 1024 x 768 pixels in size.
