

# What's New at Homesnap?

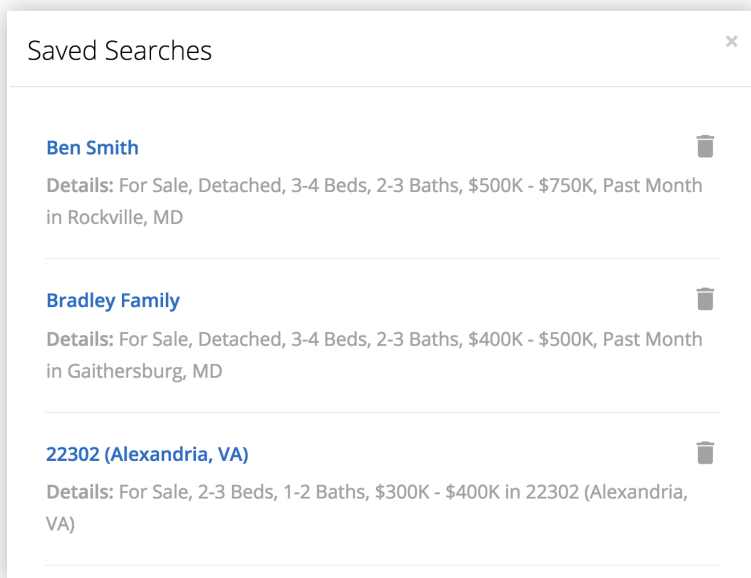

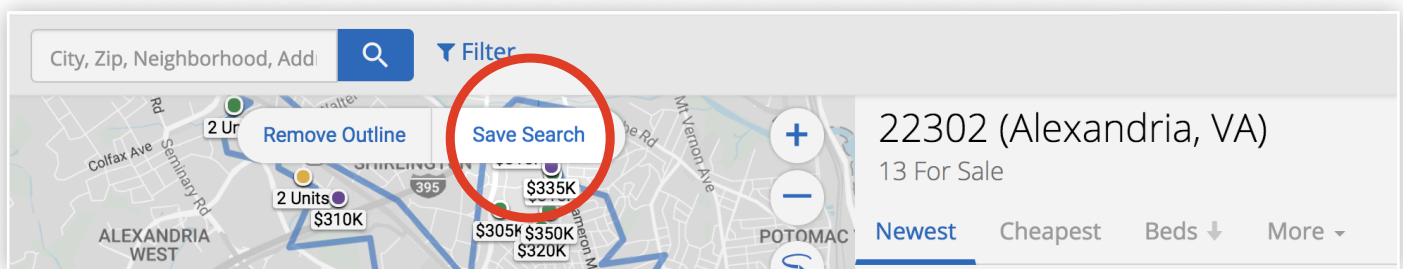

## RELEASE UPDATE

### SAVED SEARCH

**SUMMARY:** Agents can now save their clients' preferred search criteria, allowing them to quickly scan the market for the perfect property.

**BENEFIT:** With the click of a button, agents have access to the listings that matter most to their clients. It's never been easier for agents to filter down to their clients' ideal properties so they can reference them in the future!

- Never miss a great listing again
- Be the first to make an offer on the properties that matter most to your clients
- Manage multiple client preferences seamlessly

### STEPS

- 1 **Search** for the area where you wish to view properties.
- 2 **Select** your property filters.
- 3 **Click Save Search** on the top of the map.
- 4 **Name** your search for future reference.

Now you can click **My Saved Searches in the Me tab** to access your saved searches.
