Realist – Allowing Flash in Chrome

When Opening Realist, you get an error:

- Click on the blue link that reads click here.
- After having done that, you should see same error message and it looks as though nothing has happened, but in top
 right corner at end of address bar, you should see a "puzzle piece" w/a red box on it.
- Click on this and it will bring you to a box that says "Flash was blocked on this page." so you can manage settings:

-	Flash was blocked on this page		×	
	0	Manage	Done	

- Here you can change the flash settings button from "Block sites from Running Flash (recommended)" to "Ask First"
- TO APPLY CHANGES RELAUNCH CHROME by closing it and starting over.
